*Our group classes use the Musikgarten™ curriculum. Students listen to famous repertoire, experience rhythmic motor enhancement, and group instrument playing. For younger children, this class provides non-stop musical fun using simple instruments such as bells and shakers. The teacher leads adults in singing and musical activities while the children imitate what they see and hear. For older children, the class will emphasize ear training, rhythmic patterns, and introduction to reading music notation. This course is intended to build the skills necessary for future success in a wide variety of musical training. Visit [www.musikgarten.org](http://www.musikgarten.org) for more curriculum information.*
